SUPPORTING TLC

TLC The Life Centre is a registered charitable organization in Newmarket dedicated to supporting women, families, and individuals through some of life's most vulnerable and overwhelming moments. They provide compassionate, confidential care to anyone facing unplanned pregnancy, relationship or family stress, pregnancy loss, post-abortion healing, or mental-health challenges. Their services include free pregnancy testing, emotional support, counselling, and practical help through the "Sister's Care Closet," which supplies essentials like diapers, wipes, clothing, and vouchers for young children—easing real financial pressure for families in need. TLC also offers life-skills education, psychotherapy, and one-on-one coaching to help clients overcome anxiety, fear, guilt, low self-esteem, boundary issues, and relationship struggles, ensuring support not only in moments of crisis but throughout long-term personal growth. For those experiencing miscarriage, stillbirth, or abortion-related grief, TLC provides a safe, judgment-free space to process feelings and begin healing.

As a community-driven charity that relies heavily on donations rather than government funding, TLC depends on the generosity of local partners to keep these essential programs accessible. For many clients, TLC becomes a lifeline—a place where they are heard, supported, and equipped with both emotional tools and practical resources that can completely change their trajectory. By supporting this fundraising tournament, sponsors will play a direct and meaningful role in sustaining these vital services across York Region, ensuring that no individual or family has to face crisis or uncertainty alone. Your sponsorship helps turn fear into hope, isolation into connection, and overwhelming circumstances into new possibilities. By partnering with this event, you are investing in stronger families, healthier individuals, and a more compassionate community.

**Together, we can ensure that help
is available when it matters most.**
